Understanding SkillsFuture Credit

1) What is SkillsFuture Credit?

SkillsFuture Credit aims to encourage individuals to take ownership of their skills development and lifelong learning. All Singaporeans aged 25 and above will receive an opening credit of S\$500 from January 2016. Your credit will not expire and the government will provide periodic top-ups, so you may accumulate your credit.

2) When does SkillsFuture Credit take effect?

All Singapore Citizens (SCs) aged 25 and above will receive a notification letter from the Singapore Workforce Development Agency (WDA) starting January 2016, informing them on the activation of the SkillsFuture Credit account.

For SCs turning 25 years old in subsequent years, they will receive their SkillsFuture Credit Account Activation letter by the first quarter of each year.

For new SCs aged 25 years old and above, they will receive their SkillsFuture Credit Account Activation letter within a quarter after they receive their Singapore citizenship.

Additional SkillsFuture Credit (Mid-Career Support)

10) What will happen to the Additional SkillsFuture Credit (Mid-Career Support) provided in 2020?

The original expiry date of 31 December 2025 of the Additional SkillsFuture Credit (Mid-Career Support) will be lifted.

From 1 May 2024, the remaining credit balance from the Additional SkillsFuture Credit (Mid-Career Support) will be merged with the top-up of \$4,000 to form the new SkillsFuture Credit (Mid-Career).

For example, if you have used \$300 from your Additional SkillsFuture Credit (Mid-Career Support) account, your balance of \$200 will be brought over to your new SkillsFuture Credit (Mid-Career) account. You will therefore see a total of \$4,200 in your SkillsFuture Credit (Mid-Career) account from 1 May 2024.

11) When I make a claim, can I select which SkillsFuture Credit to use?

No, claims that are approved will be deducted from the available balances based on this pre-determined sequence:

- a) First, from the time-limited one-off SkillsFuture Credit Top-up of \$500, provided in 2020 to those 25 years and above. This allows individuals to utilise the top-up before it expires on 31 December 2025.
- b) Followed by the SkillsFuture Credit (Mid-Career) top up, for courses that qualify for it, and
- c) Lastly, the SkillsFuture Credit base tier of \$500, which can be used on a wider range of programmes.

The SkillsFuture Credit (Mid-Career) and SkillsFuture Credit base tier do not expire.
